

# Local Planning Scheme No.3 (Narrogan Townsite)

- A Local Planning Scheme is a statutory (legal) document that sets out:
- the way the land is to be developed
- including zoning and land use classifications,
- the rules/requirements that control land use and development; and
- the process that must be followed to obtain development approval.

## Why is the Shire asking for comments and what happens next?

Local Planning Scheme No.3 (Highbury Townsite)

## Why does the Local Planning Scheme need to be reviewed?

The need to review the Local Planning Scheme is due to the recent merger in July 2016 between the former Shire and Town of Narrogin, which operated under separate Local Planning Schemes.

Furthermore, the Regulations require local governments to review their Local Planning Scheme every five (5) years to ensure that it complies with current legislation and reflects contemporary planning practice.

The review is to introduce a new Local Planning Scheme No. 3, which covers the whole district of the Shire of Narrogin.

The Draft Local Planning Scheme No. 3 is proposed to be compliant with the recently introduced Planning and Development (Local Planning Schemes) Regulations 2015.

## What are some of the proposed changes in the new Local Planning Scheme?

Some of the changes included:

- Increased density in residential areas from R12.5 to R30, R40 and R50, particularly in and around the Commercial and Service Commercial areas.
- The Residential Design Codes establish the following average lot sizes under each density coding: R12.5 – average lot size of 800m<sup>2</sup>; R20 – average lot size of 450m<sup>2</sup>; R30 – average lot size of 300m<sup>2</sup>; and R50 – average lot size of 180m<sup>2</sup>.
- Introduction of new zones; Service Commercial, Tourism, Urban and Industrial Development and Special Control areas.
