

## CHANGE TABLE OPERATING INSTRUCTIONS

**The Safe working load for the bench is 200kg, this table is not to be used by persons above this weight.**

The following instructions **MUST** be complied with each time the change table is used.

1. Gently unfold the table from the upright positing.
2. Do not raise or lower the table whilst in the folded position.
3. Nothing should stand in the way of the table when in motion.
4. Remove the control for the table from the location on the wall.
5. Press the  $\wedge$  button to raise the table and the  $\vee$  button to lower the table.
6. Cover the table with disposable paper towel.
7. Raise the side safety rail when the person has been placed on the table.

Lift the rail slightly towards you and rotate the safety rail from the underside of the table and swing it upright. The safety rail will automatically lock into position when gently lowered.

8. To unlock the side safety rail, lift the rail upwards, rotate it towards you, then fold it under the table and lock it into place.
9. After use, wipe table and dispose of paper table cover.
10. Fold the table up into the upright position.
11. Place the table controls back on the wall.

### **Remember**

- This table is not to be played with at any time. The table is to be used for the purpose for which it is designed.
- Children are not to operate the bench at any time.
- If the table is out of order, it must not be used
- Please report maintenance issues to the Shire of Narrogin Administration Building at 89 Earl Street, Narrogin WA 6312
